

Find the answers.

1.

$$\square + \square + \square + \square + \square = \square$$

$$5 \text{ times } 3 = \square$$

$$\text{Total number of bananas} = \square$$

2.

$$\square + \square + \square + \square = \square$$

$$4 \text{ times } 6 = \square$$

$$\text{Total number of bottles} = \square$$

3.

$$\square + \square + \square + \square + \square = \square$$

$$5 \text{ times } 7 = \square$$

$$\text{Total number of raspberries} = \square$$

4.

$$\square + \square + \square + \square + \square + \square = \square$$

$$6 \text{ times } 2 = \square$$

$$\text{Total number of apples} = \square$$
