Adding & Subtracting

To add 9 to a number:

Add 10 and then take away 1.

Example: $124 + 9 = ?$ Think $124 + 10 = 134$
and then take away 1, $134 - 1 = 133$

Complete this table

Plus 9

136

249

728

243

525

197

734

289

333
