

Introduction to Symmetry in Letters

1. What is reflection symmetry? Give an example from the chapter.

2. Describe the steps to cut out the letter 'A' using paper folding.

3. Which letter from the list (E, N, X, T, K, V, O) has a vertical line of symmetry?

4. True or False: Folding paper in half helps create symmetrical designs.

5. Why do some letters like 'A' need only one fold for symmetry?
