

Engaging Reading Task Cards for Key Comprehension Skills

Boost students' reading comprehension with these task cards that build critical skills through fun, focused practice.

Author's Purpose

Practice identifying whether an author's goal is to inform, persuade, or entertain. Helps students think about why a text was written.

Compare & Contrast

Encourage students to spot similarities and differences between characters, events, or ideas to deepen understanding.

Fact & Opinion

Develop the ability to distinguish factual statements from personal opinions, an essential critical reading skill.

Prediction

Students use text clues and prior knowledge to make logical guesses about what might happen next.

Sequencing

Strengthen comprehension by arranging story events in the correct order to show how the narrative unfolds.

Retrieval

Focus on finding and recalling exact details and information directly from the text.

Vocabulary

Expand word knowledge by exploring meanings, context clues, and usage in reading passages.

Summarizing Non-Fiction

Teach students to identify key ideas and express them in a clear, concise way.

Cause and Effect

Understand how one event leads to another by identifying relationships in a text.

Point of View

Learn to recognize the perspective from which a story is told and how it shapes understanding.

Inference

Encourage critical thinking by reading between the lines and using clues to figure out unstated meanings.

Finding the Main Idea

Train students to identify the central message or most important idea in a passage.
